Dear Sir/Madam

RE: APPLYING FOR THE POST OF SERVICE DESK AGENT AT NITA-U

I'm confident I'll be an excellent fit for NITA-U's next Service Desk Agent. As a solution-driven technical professional with 2 years of expertise in the Management of hardware, applications, services and operating systems in the Data Centre, installing, deploying and configuration of Linux and Windows server machines, downloading and installing computer software, giving support on preventive maintenance as well as performing various troubleshoots to user computers. I have also provided timely IT solutions to end users. I have been able to follow up and resolve and close various service desk tickets from different MDAs. I have been able to interact with different MDA and also provide timely solutions to their issues. I have noted minutes, and edited trackers and daily and weekly reports to ensure uptime with 99.9% service availability.

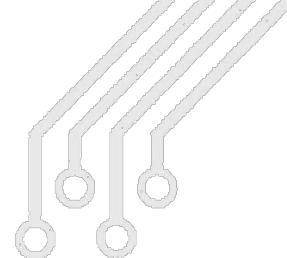

Currently, as Management Trainee Datacenter for NITA Uganda, I manage to provision seven (7) machines for different MDAs, Datacenter Monitoring including drafting daily and weekly reports. Below is a snapshot of my key contributions:

- Resolving and closing tickets
 - Carrying out preventive maintenance
 - Mapping drives
 - Troubleshooting
 - Software Installation
 - Virtual Machine provisioning
 - Datacenter Monitoring
 - Creating and Unlocking Accounts via Active Directory Updating Datacenter Trackers
 - Replying to letters
 - Camera inspection
- And other duties assigned

It would be a pleasure to learn more about NITA Uganda's needs, and I'd welcome the chance to provide further insight into my technical abilities and personal attributes. Thank you for considering my candidacy for this position; I hope to hear from you soon.

Sincerely,

Thakib Muhammad Lugemwa
