PROPOSAL FOR PROVISION OF DATA CENTRE SERVICES

2.0 EXECUTIVE SUMMARY

2.1 About National Information Technology Authority - Uganda (NITA-U)

The National Information Technology Authority-Uganda (NITA-U) is an autonomous statutory body established under the NITA-U Act 2009, to coordinate and regulate Information Technology services in Uganda.

NITA-U is under the general supervision of the Ministry of ICT and National Guidance.

2.2 Objectives of NITA-U

- 1.** To provide high quality information technology services to Government;
- 2.** To promote standardization in the planning, acquisition, implementation, delivery, support and maintenance of information technology equipment and services, to ensure uniformity in quality, adequacy and reliability of information technology usage throughout Uganda;
- 3.** To provide guidance and other assistance as may be required to other users and providers of information technology;
- 4.** To promote cooperation, coordination and rationalization among users and providers of information technology at national and local level so as to avoid duplication of efforts and ensure optimal utilization of scarce resources;
- 5.** To promote and be the focal point of co-operation for information technology users and providers at regional and international levels; and
- 6.** To promote access to and utilization of information technology by the special interest groups.

2.3 About the NITA-U Data Centre Services

At NITA-U DC we understand the criticality of the availability of data and application. We propose an end-to-end solution that is scalable to meet the growing needs of the MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT setup.

2.4 Our Value Propositions

The key value propositions MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT should expect to achieve from NITA-U Data Centre Services are;

- Security
- Reliability

PROPOSAL FOR PROVISION OF DATA CENTRE SERVICES

- Professional Service
- Efficiency
- Quality Service

PROPOSAL FOR PROVISION OF DATA CENTRE SERVICES

3.0 OUR UNDERSTANDING OF THE COLOCATION REQUIREMENTS FOR MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT (M)

As per the technical evaluation that was conducted and the requirements gathered, MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT has a requirement for a Co-location service in the National data centre in Kampala. NITA-U has guided MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT to proceed with Co-location service through which they will install services on **22Us** to host their applications equipment and would like to start with the requirements gathered below:

SYSTEM REQUIREMENTS

No.	Equipment	Device Model	Serial Number	Number of Racks (Us)	Connectivity requirements
01	Nodes - 6	Dell xc660-10	To be Provided	6	NBI – Connectivity and cross connect requirements will be discussed and billed by the Network Manager separately.
02	Firewall - 2	CISCO 3100 Series	To be Provided	2	N/A
03	Switch - 2	S5248F-ON	To be Provided	2	N/A
04	Router - 2	CISCO	To be Provided	4	Main and backup fiber links
05	NAS - 2	QNAP	To be Provided	8	N/A
TOTAL				22	

Notes:

PROPOSAL FOR PROVISION OF DATA CENTRE SERVICES

1. MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT is responsible for connectivity to the rack with guidance from NITA-U.
2. NITA-U to provide space to host equipment in the site.

PROPOSAL FOR PROVISION OF DATA CENTRE SERVICES

4.0 NITA-U DATA CENTRE OFFERING TO MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT

3. To achieve the required hosting objective as well as better service delivery, we propose the end to end Data Center Solution in the following manner;

4.1 NITA Data Centre Facility

4. NITA Data Centre shall offer a fully equipped platform to host the MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT servers.
5. **Readiness:** NITA-U Data Centre's facility is ready to be used hence no lead time for building a new data center or architecture to accommodate their needs.

4.2 Hi-Tech Security

- Multiple layers of hardened physical security.
 - Closed-circuit television (CCTV) surveillance
 - Instant SMS Alerts to predefined personnel
 - Biometric access and code protected entry
 - Access to data center only by designated and authorized staff
 - Fire proof door
 - 24x7x365 security presence
 - Visitors required to sign-in/sign-out, have photo ID and must be escorted by data center personnel at all times.
 - We follow best security practices and also have a standardized national security policy based on ISO 27017/ ISO 27018.
 - We conduct regular vulnerability assessment to ensure that our infrastructure meets the current security demands.
 - Whereas security is a shared responsibility, NITA-U will cater for the physical security and the application security will be managed by MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT
- 6.

PROPOSAL FOR PROVISION OF DATA CENTRE SERVICES

4.3 Fully Redundant, Data Grade Power and Air Conditioning at Data Centre

- Direct AC power 220 - 240V (UMEME)
- Direct DC power
- 2 generators with 500KVA & 250KVA backup with 2-day fuel stand by.
- UPS systems(redundant)
- Fully redundant precision-controlled air condition environment.

7.

8.

4.4 NITA Data Centre Ltd Managed Services

- Monitoring of Environment that hosts ICT equipment of MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT.
- Provision of required space to host the full Rack equipment.

9.

4.5 Dedicated Infrastructure for Ministry Of Lands, Housing And Urban Development

- Dedicated Rack space for hosting the MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT Equipment.
- Dedicated Power supply and cooling requirements.

10.

4.6 Critical Application and Database Servers at DR site

- MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT team shall install all the hardware and software at NITA-U site.
- MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT team shall intimate the activities of data dump, installations at NITA-U prior to the initial installation.

11.

5.0 KEY RESPONSIBILITIES

5.1 NITA-U

- a) NITA-U will be responsible for providing necessary space for Co-location, any other additional hardware and software's should be

PROPOSAL FOR PROVISION OF DATA CENTRE SERVICES

accommodated by MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT 's Team.

b) Provide cooling and power facilities for the servers to be hosted.

5.2 MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT

- a. Provide appropriate information to NITA-U team about the servers hosted in the site.
- b. Creating an internal policy in MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT organization about having their official data at the DR site.
- c. MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT colocation deployment shall be expected to match the standards at the National data center especially in regards to cable management.
- d. MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT shall bring all the required cables including network cables, power cables, rack mount rails etc. to ensure their equipment is mounted and secured in the rack space that will be provided.

6.0 KEY SECURITY MEASURES FOR DC SITE DATA

12.

- MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT 's Team shall provide NITA-U Data Centre with full details of their officials authorized to get access to the Data Center. MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT 's Team may decide to change the authorities from time to time, but fully at their discretion. It is responsibility of the MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT 's Team to keep NITA-U updated of any such change.
- MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT 's Team should maintain the schedule of checking their hardware infrastructure as NITA-U will not be responsible for hardware failure.

PROPOSAL FOR PROVISION OF DATA CENTRE SERVICES

- NITA-U will be not responsible for providing any necessary hardware or software for MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT operations.

13.

7.0 COMMERCIAL PROPOSAL

14. Proposed Solution (Based on MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT Requirements)

15.

16. Quote for Co-location for MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT

17. Resources

18. Description	19. Qty:	20. Unit Cost (USD)	21. Total Cost (USD)
22. Monthly per rack unit	23. 22	24. \$ 65.95	25. 1,538.9
26. VAT	27.	28. 1 8%	29. 27 7.002
30. Total Monthly cost (Inclusive of V.A.T)	31.	32.	33. \$1,815.902
34.	35.	36.	37.

38.

39. Note: This cost does not include the internet fees, the internet fees will be billed separately by the ISP(s).

40.

41. S	42. Description	43. Price (USD)
44. 1	45. Installation charges for Co-location (One-time fee)	46. \$2400 (\$800 per rack)
47.	48. VAT 18%	49. \$432
50. 51.	51. Total Price (Including VAT 18%)	52. \$2,832

53.

54. Emphasis of Solution: MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT

PROPOSAL FOR PROVISION OF DATA CENTRE SERVICES

1. The above solution is as per the requirements specified by MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT.
2. The above solution guarantees the uptime of the Primary site in terms of power and cooling availability.
3. The above solution does not cater for any hardware or software installations.
4. The above solution provides the necessary rack space to host the ICT Equipment.
5. Additional power consumption will be calculated as per the data sheets but not as per the power consumption of the servers.

8.0 TERMS & CONDITIONS OF THE PROPOSAL

1. An addendum to existing MOU between MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT and NITA-U will be signed
2. For any additional resources (power, connectivity & Rack space) required, MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT will submit a formal request to NITA-U for the same.
3. Charges are billed on quarterly basis and payable in advance
- 55.

9.0 MAINTENANCE & OUTAGE

56. From time-to-time NITA-U may schedule maintenance to improve service or conduct repairs. NITA-U will announce major scheduled maintenance to Managed Site Owners via email & SMS.
- 57.
58. If a large-scale unscheduled outage occurs, NITA-U will work with MINISTRY OF LANDS, HOUSING AND URBAN DEVELOPMENT to resolve it. Notifications will be posted and sent as described above for scheduled outages.
